DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-5, 7-15, and 17-21 are rejected under 35 U.S.C. 102(b) as being anticipated by Egawa et al (5,534,944) for the same reasons as set forth in Section 2 of the last office action, dated 10/19/05.

Response to Arguments

3. Applicant's arguments filed 1/18/06 have been fully considered but they are not persuasive. Applicant asserts Egawa et al is not concerned with decoding without producing visible artifacts. However, although the word "artifact" is not used in Egawa et al, the disclosure of Egawa et al is directed to an encoding method wherein a seamless splicing process is achieved (514, 528, 712, 718, 732, and col. 2, lines 10-51). One of ordinary skill in the art would have had no difficulty in recognizing that if a splicing process were performed as if Splicing Never Occurred, there would be no visible artifacts. Applicant concedes that Egawa et al is directed to ensuring that no video data is lost during the decoding process. It is submitted that without any data loss, there would be no visible artifacts either.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
